Subject: Office of Consumer Council.

Dear Sir,

I want to make clear my opposition to the proposed abolition of the above office.

It is crazy to remove what little protection consumers have in the state with the highest utility rates in the country!!

We have many examples recently where consumers need protection from exploitation by big business so everything should be done to strengthen bodies like the OCC.

Please try to stop our Republican Governor from further tipping the balance away from honest working people.

Thank you, I am:

Julian D Roberts.
